

**Harrogate International Centre - Exhibition Halls Redevelopment  
Pre Qualification Questionnaire Query Responses  
Rev 1 - 12th August 2008**

- 1) I would be grateful if you would forward the relevant information and documentation.

All PQQ documentation can now be downloaded from:  
<http://www.hicvision.co.uk/html/find-out-more/document-downloads>

- 2) I have just downloaded the PPQ and Feasibility Report for the above but cannot see how to obtain the Appendix information to the report, i.e. the drawings and cost report.

All appendix documentation can now be downloaded from the web address above

- 3) I have downloaded the prequalification document from the HICtender website and was wondering if it would be possible to get hold of a copy in Word

The PQQ document in Word format can now be downloaded from the web address above

- 4) Could you please tell me if the design/professional team has been appointed yet?

The design team has been appointed and details are included within the PQQ.

- 5) Could you please tell me of the procurement route of the HIC redevelopment i.e. is it single stage or two stage competitive bid?

A final decision on the preferred procurement route (single or two stage) is still to be taken however, this is likely to be under the NEC form of contract.

- 6) In The Quality System section, Question E9 is missing and E10 seems to refer to the missing E9. Am I to disregard both E9 & E10 or can you send me the missing question?

E10 should actually follow E7 and E8 in the document should actually be numbered E9

- 7) Does your request in G.3 for comments on overall programme and durations, suggestions on site compounds etc. relate to phase 1 only of HIC, or to the whole project as currently envisaged in six phases?

This relates to phase 1.

- 8) Does the 25 page limit apply to the whole document including Section G?

The overall page limit for supporting documentation (excluding the PQQ document issued by HIC that needs completing) for section G is a total of 25 pages. The variance is for information required in G.1 and for CV's. Additional documents required for sections A - F are excluded from the page limits.
